

Challenge Coin & Pin Committee

September 7, 2019

The CTSSAR Historic Preservation Pin that was approved at our April meeting. We ordered 500 Pins and split the cost with Properties. Our cost was \$418. for 250 Pins this comes to \$1.67 each. I have handed out pins to 6 of our 8 Branches and have a good amount left. People that received them have given a great response of appreciation.

The Invasion of New Haven coin has not sold as well as our War Office coin. We didn't sell any at the event. The coin cost us \$575. For 100 coins and we have only made back \$410. This is unfortunate for the coin was suppose to raise enough money to do a coin for next year.

This committee doesn't have a budget. I suggest that we establish a budget of \$375.00 for an order of 50 coins so that we can make one every year.

Ethan Stewart

Committee Chairman
