

Technology Report for April 2015 – State Website Changes & CTSSAR Database

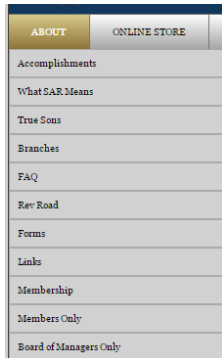

New main web page is being displayed, would like to replace it each month.

New left menu option for Speaker Bureau.

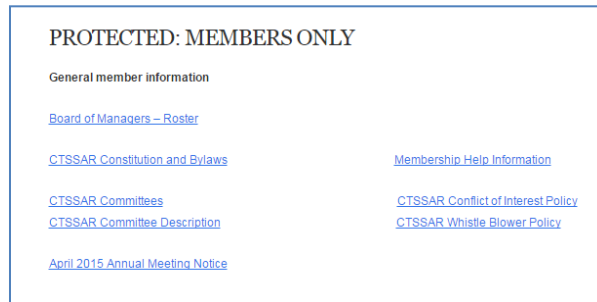

Ken Roach can speak to this addition.

Under the About tab, we have added “Member Only” and “Board of Managers Only” options.

Member Only has information that should be made available to all members

Such as the Board of Managers roster, Committees, By-Laws, Meeting Notices, etc.

This page will have State / Branch roster & labels.

It will also have separate pages for each state meeting, that will have all the officer and committee reports that were made available prior to the meeting.

Patriots tab

Under the “Patriots” tab, a new option was added for the displaying the CTSSAR Patriot Index.

Sorted into 4 reports to make it easier to search.

In addition, a link to the National HQ Patriot and Grave Index was also added as a resource for searching for Patriots.

Also reference to President General Lindsay Brock’s Patriot Bio project were added.

Future plans:

Expand Branch pages, add current branch event news & pictures (you supply it, I’ll post it)

Review/Cleanup of the Online Resource page

Reactivate Chimp Mail option for broadcast emailing to all members or selected lists.

Add upcoming state meeting notices to main page to allow for easier access

Create page for current Capital Campaign, to post reports, pledge form, etc.

Create page for Real Property to post information as needed.

CTSSAR Database

Membership is at 560 as of April 17, 2005. Rosters and Labels have been posted to the state website.

Respectfully Submitted,

David J. Perkins

CTSSAR Webmaster
